PROFESSIONAL SUMMARY

Results-driven Operations professional with a strong background in business ownership, enterprise technology sales, and client-facing roles. Experienced in managing day-to-day operational processes, financial administration (invoicing, accounts receivable, contracts), CRM systems, and team accountability. Fluent in English and comfortable working autonomously in fast-paced, fully remote environments. Brings a tech-savvy mindset — including hands-on experience with AI tools and automation — and a proven ability to identify inefficiencies, improve workflows, and support leadership in scaling operations.

CORE COMPETENCIES

Operations & Admin: Invoicing, contracts, accounts receivable, process documentation, SOP development

Tools & Systems: CRM platforms, project management systems, AI/automation tools, Google Workspace

Financial Awareness: Invoice management, payment follow-ups, cost analysis, business administration

Communication: Fluent English (written & verbal), cross-functional collaboration, client-facing roles

Tech Skills: HTML, CSS, JavaScript, Java, Spring Boot, Git, REST APIs, SQL

Languages: Portuguese (Native) | English (Fluent) | Spanish (Professional) | French (Limited)

PROFESSIONAL EXPERIENCE

Business Owner & Operations Manager | Bangálo Restaurant & Pousada Silvestre | Tramandaí, Brazil
Dec 2019 – Jan 2024

- Managed full business operations including invoicing, supplier contracts, payments, and accounts receivable for two concurrent hospitality businesses
- Developed and maintained internal processes and operational documentation (SOPs) to ensure consistency across daily tasks
- Oversaw financial administration including cash flow management, cost analysis, and outstanding payment follow-ups
- Handled ad hoc operational needs in a high-volume, fast-paced environment, ensuring business continuity
- Managed tools, subscriptions, and vendor relationships, continuously identifying cost-saving opportunities

Enterprise Product Sales Specialist | Dell Technologies | Porto Alegre, Brazil
Apr 2012 – May 2016

- Managed complex enterprise accounts using CRM systems, tracking commitments, follow-ups, and contract verification
- Supported internal accountability processes, ensuring follow-through on proposals, renewals, and client deliverables
- Worked cross-functionally with technical and operations teams to translate business requirements into structured solutions
- Maintained accuracy across operational records and client-facing documentation in a high-compliance environment

Inside Sales Representative | Dell Technologies | Porto Alegre, Brazil
Apr 2008 – Apr 2012

- Managed SMB accounts end-to-end: proposals, contracts, invoicing, and post-sale follow-ups
- Maintained CRM records with high accuracy, tracking client interactions and pipeline activities
- Identified inefficiencies in sales workflows and proposed improvements that reduced response times

Account Executive | Rede (Itaú Bank Network) | Porto Alegre, Brazil
Oct 2016 – Oct 2017

- Managed corporate accounts and supported business and financial solution delivery in a results-driven environment
- Ensured internal accountability and follow-through on commitments across multiple client portfolios

Business Sales Executive | SML Brasil | Porto Alegre, Brazil *Oct 2017 – Sep 2018*

- Supported business development, contract management, and structured client solution presentations

Hospitality Team Member | Hilton Hotel / Conrad Dublin | Dublin, Ireland *Sep 2023 – Dec 2025*

- Operated in fast-paced, international, English-speaking environments, strengthening communication, adaptability, and cross-cultural teamwork

Freelance Front-End Developer | Self-Employed | Brazil *Feb 2026 – Present*

- Designed and delivered a responsive website for a live business client, demonstrating initiative and independent project management
